

BADGER Motorized Base

The BADGER diesel-powered motorized base uses a hydraulic drive system with the ability to steer in standard, crab or round on either rubber-tired wheels or tracks. The self-leveling post system and no need for outriggers allow for faster setup time and maximum arm swing clearance.

<u>Weight:</u>	14,000 lbs (camera ready)	<u>Length:</u>	150"
<u>Width:</u>	72" (on tires) 85" (on tracks)	<u>Post raising ability:</u>	48"
<u>Min arm height clearance:</u>	96" (with tires / 104" with tracks)	Trailer GVW	26,000 lbs
